

Emery County School District

Policy: GCS—Professional Research & Publishing

Date Adopted: 17 August 1988
Current Review / Revision: 4 March 1998

The following guidelines and procedures will be used to provide a uniform method for handling requests from persons employed by the District to conduct research projects in the Emery Schools:

- 1) Any project must be approved by the Superintendent. In the judgment of the Superintendent, the research project must meet the following criteria:
 - a. Be of direct benefit to the schools;
 - b. Contribute to the advancement of education generally; and
 - c. Be approved by the Principal and faculty of the school or schools involved.
- 2) Clearance for research to be conducted in a public school by persons in that school should be requested from the Principal. The Principal must submit a written request for approval to the Superintendent.
