

Emery County School District

Policy: GCVA—Professional Staff Access to Classrooms

Date Adopted: 18 March 1992
Current Review / Revision: 21 June 2017

The Board is in favor of working with teachers as much as possible to enhance and improve their classroom capabilities. With this in mind, buildings and facilities should be made available evenings, weekends, and during the summer months.

Teachers should work closely with the Principal to avoid any scheduling conflicts and to determine teacher responsibilities regarding clean up, lights, lock up, etc. Teachers shall also coordinate with custodians to avoid conflicting with cleaning schedules for their classroom.
